## RENOULT MAY BE PREMIER OF FRANCE

### SOCIALISTS DEFEAT PLANS OF BRAND FOR FORMATION OF FRENCH ADMINISTRATION

Leader Announced To-day He Could Not Accept Conditions Party Demanded in Return For Support; President is Expected to Consult Painleve and He Probably Will Recommend Senator Renault Be Asked to Form Ministry

Paris, April 14.—Ex-Premier Briand this evening definitely decided to abandon his attempt to form a cabinet in succession to the Herriot Ministry. He announced his decision to the Socialist Republican group, to which he belongs, basing it on the refusal of the Socialists to collaborate and the conditions they wished to exact in return for support. He considered the conditions incompatible with his conception of the duties of Premier.

M. Briand's chances of forming a ministry had been regarded as hopeless since the Socialist leaders of the Chamber of Deputies declared this morning they would not support a Briand government, let alone take portfolios in a cabinet organized by Briand.

### PEOPLE WARNED WHEN WALL OF DAM GAVE WAY

River Valley Near Lake Erie Flooded; Over 5,000 Acres Now Under Water

Rescuers Used Boats; Dam Was Part of Ford Commercial Works

Detroit, April 14.—Scores of families in the valley of the Huron River between Flat Rock and Lake Erie were driven from their homes early to-day when the dam at the power plant of the Ford Motor Company at Flat Rock burst and released millions of gallons of water into the valley.

### UNANIMOUS VOTE

The Socialist action with regard to taking part in a Briand government was definite, being reached by the National Council of the unopposed vote. It did not preclude, however, their participation in a ministry formed by the Premier acceptable to them, it was stated. They apparently were willing to support a cabinet headed by Briand without entering under the conditions they named.

### ALL UNDER WATER

Reports from various places along the seven miles from Flat Rock to Lake Erie indicate that the valley, in some places a mile wide, is under water. Hundreds of small houses, many of them on stilts, lie in the river as it flows.

### LIVING WAGE NOT ALWAYS POSSIBLE

Dr. Salter, Labor M.P., Points to British Coal Industry's Condition

Gloucester, Eng., April 14.—(Canadian Press Cable)—A notable feature of the Independent Labor Party's convention yesterday was a frank admission by Dr. A. Salter, Labor M.P., that the payment of a living wage was impossible in many industries. He cited as an example of this that a minimum wage of £4 a week for miners would involve a yearly loss of from £20,000,000 to £40,000,000.

### MAN KILLED AS LOG ROLLS OFF FLAT CAR

John Donaldson, 45, is Victim of Fatality at C.N.R. Depot This Morning

Caught beneath the tremendous weight of a log that rolled unexpectedly from a freight car during unloading operations at the Canadian National Depot, Point Ellice, at six o'clock this morning, John Donaldson, 2050 Washington Avenue, sustained injuries which resulted in his death almost immediately.

### BEYOND AID

The accident occurred when a train of logs owned by the Channel Logging Company were being slid into the water from the cars near the C.N.R. lifting bridge across the Gore Narrows. The logs were removed one by one and toppled into the water as is the custom with lumber operations at this point.

The accident occurred when a log on the rear of the pile broke away and rolled off the far side of the truck, catching Donaldson and carrying him down to the ground. Dr. C. Denton Holmes at the city police ambulance were summoned at once, but the victim of the accident was beyond human aid. The remains were removed to the C. Funeral Company premises, where inquest will be held at 9 a. m. to-morrow.

**Gary, Indiana, Magistrate Will Rule on Mrs. Anna Cunningham's Case**

**Five of Her Family Died in Six Years in Mysterious Circumstances**

Crown Point, Ind., April 14.—Mrs. Anna Cunningham of Gary, Indiana, whose husband and four of her six children died under mysterious circumstances within six years while another son, David Jr., lies in a critical condition from a fatal poison in a Chicago hospital, is in a hospital ward in the county jail here, under guard to prevent a second attempt at suicide, the having tried to strangle herself to death in a Chicago hospital on Sunday.

She is to appear at a sanity hearing this afternoon at Gary before a justice of the peace and two physicians. It was announced also that the case probably will be placed before the county grand jury when it convenes at Crown Point on April 27.

**FOR ANALYSIS**  
Meanwhile the bodies of two of Mrs. Cunningham's sons who were buried near Valparaiso, Indiana, with the bodies of the father, another son and a daughter, were examined and part of the vital organs were taken to Chicago for chemical analysis by the Cook County authorities, while other parts will be sent to the Indiana University at Bloomington for analysis if the university is prepared to make such tests. If not they will be sent to the commercial laboratories in Indianapolis.

**MADE NO STATEMENT**  
Mrs. Cunningham was weak when she entered the jail here yesterday after being brought from Chicago and constantly bit her lips to restrain her emotion, but she had no statement to make. Answering questions of the jailer, she said she was a housewife and was forty-nine years of age.

August Bremer, state attorney of Lake County, said she had come into the custody of the Indiana authorities at 12.30 o'clock yesterday, and could be held for forty-eight hours without the filing of charges. Then habeas corpus proceedings might be instituted to effect her release unless a charge was filed in the meantime.

**PHYSICIANS TESTIFY**  
Herman L. Key, assistant state attorney, will be in charge of the sanity hearing this afternoon for the state and Dr. A. W. Wynn, a member of a firm of Gary doctors that treated the members of the Cunningham family who died, will be one of the witnesses.

**WORK OF EXHUMATION**  
The bodies, exhumed yesterday in the presence of Indiana and Illinois authorities were those of Harry Cunningham, twenty-three, the third member of the family who succumbed on October 15, 1921; and Walter, ten, the last to succumb, who died September 28, 1923. The cause of death in each instance had been given as endocarditis. The other three bodies will be disinterred if poison is found in the two exhumed yesterday.

**NEWSPAPER REPORTS ARE COMMENDED**

Halifax, April 14 (Canadian Press)—Premier Armstrong of Nova Scotia paid a tribute yesterday to the manner in which the press of Canada as a whole had covered the news of the industrial dispute throughout the coalfields of this province. Speaking of the situation generally on the eve of resumption of direct negotiations looking to a settlement between representatives of the British Empire Steel Corporation and its colliery employees, he spoke of the press as having proved an important factor in crystallizing public opinion on the subject and said:

"I have the greatest possible respect and admiration for Canadian newspapers and their editorial work. As to the Canadian Press service, I have found it to be exceedingly fair and to afford a genuine representation of the facts."

**London Post Says Empire Migration Needs Hastening**

London, April 14.—While the new migration scheme announced by the Colonial Office between the British and Canadian Government is excellent so far as it goes, it is only the beginning, says The London Morning Post.

"Since the Empire Settlement Act was passed three years ago, hardly anything has been done toward imperial settlement," The Post says. "The new scheme is the first serious attempt to meet at least a fraction of the requirements, and it is with some dismay that we read the statement of the Colonial Office that 'some time will elapse before details of the agreed undertakings can be arranged.'"

"What is there to prevent the Overseas Settlement Committee from obtaining the necessary powers to treat its income of £2,000,000 a year as the interest upon a great imperial loan, and preparing a scheme of settlement on that basis?"

**LESS LIQUOR AND MORE COFFEE DRUNK**

London, April 14.—The drinking of hard liquor in Scotland has greatly decreased during the last thirty years, and the coffee shop to a large extent has replaced the public drinking house, members of the National Commercial Temperance League were informed by E. Rosslyn-Mitchell, member of Parliament.

When he was a boy, the speaker said, there was scarcely a business house in Glasgow without a jug of whisky ready for the immediate use of any person who came along, but such a practice is unknown in that city under the conditions of to-day. He urged that an effective way in helping to kill the drink trade was by personal example.

**Automobile Party Escaped From Band of Thugs**  
Montreal, April 14.—Agsthor Lamie of Verdun was forced last night to make a dash through a rain of bullets and spend full tilt against ropes drawn across the road in order to save his own life and those of six other occupants of his automobile from men he believes to have been thugs. Lamie was driving toward Verdun when his attention was arrested by a shot which he at first thought was a blowout. He slowed down and the shot was repeated, this time followed by a crash of glass as a missile broke one of the windows of his car. Lamie speeded up and as he did so saw three ropes stretched across the road ahead. The ends were tied to poles on either side of the road. The auto dashed into them and snapped them and Lamie sped on his way, followed by a trail of bullets. The police are investigating the affair.

**Why is ENO sold the world over?**

- Because** ENO is recognized by the people of every nation as the finest, safest, and most pleasant aid to good health. ENO has many imitators—but no rival!
- Because** ENO first thing every morning is the natural way to ensure internal cleanliness. ENO has many imitators—but no rival!
- Because** ENO contains no purgative mineral salts, no sugar, no flavouring matter. ENO has many imitators—but no rival!
- Because** ENO is always the same perfect product, unvarying in quality, composition and purity wherever bought. ENO has many imitators—but no rival!
- Because** ENO has triumphed over every test of time and usage—for nearly sixty years it has been the standard saline laxative among enlightened races. ENO has many imitators—but no rival!
- Because** ENO has the world-wide approval of doctors, who are among the most regular users of "Fruit Salt." ENO has many imitators—but no rival!
- Because** ENO is non-habit forming. ENO has many imitators—but no rival!
- Because** ENO always produces a pleasant drink—sparkling, effervescent, cooling. ENO has many imitators—but no rival!

These, briefly, are the big reasons why men, women, and children of all classes throughout the world are unwavering in their practice of drinking "a glass of water sparkling with a 'dash' of ENO first thing every morning".

**4 out of 5**  
Dental statistics show that four out of every five over 40- and thousands younger, too—are victims of dreaded Pyorrhea. Will you escape?

**Pyorrhea is a disease of the gums—not the teeth**

You may take good care of your teeth and still get Pyorrhea. Once Pyorrhea secures a firm hold, pus pockets form, gums become weak and flabby, the teeth loosen and fall out no matter how white and sound they may be.

**Forhan's means healthy gums**  
It contains the right proportion of Forhan's Astringent, as used by the dental profession in treating Pyorrhea. Forhan's protects the gums, keeps them in a firm, healthy condition, and leaves the mouth sweet, fresh and wholesome. If you don't care to discontinue your regular tooth paste, at least brush your teeth and gums once a day with Forhan's.

Forhan's is more than a tooth paste; it checks Pyorrhea. Thousands have found it beneficial for years. For your own sake ask for and get Forhan's For the Gums. At all druggists, 35c and 60c in tubes.

**RESTRICTION OF COURT INTERESTS BUILDERS**

**California Organizations Are Freed of Anti-trust Law Violation Accusation**

Washington, April 14.—The Sherman Anti-Trust Law was not violated by the Builders' Exchange, the Industrial Association and others of San Francisco in the fight for the open shop, the Supreme court of the United States decided yesterday in reversing the lower courts. The court held that the builders opposing the union were not guilty of restraining interstate commerce in building materials. The permit system enforced by the builders during the controversy under which building materials were withheld from those who did not maintain the open shop was found by the court not to have been illegal. The Industrial Association of San Francisco, the Builders' Association, the California Industrial Council, the Industrial Association of Santa Clara and others were restrained in the lower courts from refusing to sell certain building materials which had been brought into the state in interstate commerce. It was charged that in conducting the fight in San Francisco they had restricted the sale of building materials.

**ALBERTA COAL FOR USERS IN ONTARIO**

Hamilton, April 14.—Coal dealers conferred with J. Stutchbury, Alberta Trade Commissioner, here yesterday regarding Alberta coal for Ontario. It was announced that 25,000 tons are to be brought at a freight rate of \$7 a ton. It will sell at \$13 a ton at this point. Hamilton is to get 2,500 tons of the 25,000 tons transported for the province. The operating costs will be checked by the railways and the coal dealers to see if Alberta coal can be continuously brought to Ontario at a lower cost or at least the same cost as imported coal.

**TWO COOL SUMMERS ARE NOW PREDICTED**

Washington, April 14.—Unless scientific signs fail, says Lieutenant-Commander George E. Brandt, aide to the naval hydrographer of the United States, this Summer will be a cold one, and the Summer of 1925 even colder. A study of solar radiation and ocean temperatures has convinced him that next year "Summeries" 1925 may be duplicated. Lieut.-Commander Brandt points out that cyclonic disturbances are the unknown quantity in the equation, and that while the present outlook is for a decided temperature drop, actual conditions at the time may be far different, because of factors that are not now known. He believes, however, that ocean temperatures greatly influence the weather and that the 1923-4-7 weather already has been largely determined by the heat of the sun that was stored up in the ocean during 1922-3-4, when solar radiation was below normal.

**Royal Gifts to Many in Japan**

Tokio, April 14.—The silver wedding anniversary of the Imperial couple, May 10, will be made the occasion of an elaborate official celebration. Some 200 public men and members of the diplomatic corps will be entertained at a banquet, and 20,000 men and women above the age of eighty will be presented with silver cups or other royal souvenirs. Two hundred young women and an equal number of men, selected by the officials of the various provinces as most exemplary in all ways, also will be presented with gifts. The capital is organizing a superb lantern parade and festival.

**COUNT HIRATA DIED IN JAPANESE CAPITAL**

Tokio, April 14.—Count Tsukue Hirata, formerly Lord Keeper of the Privy Seal, died here yesterday morning. He was seventy-six years old. Count Hirata had an active political career. He became Chief Secretary of the Privy Council in 1888, and was Director of the Legislation Bureau from 1889 until 1891, when he entered the House of Peers. Later he was Minister of Agriculture, and then Home Minister. He was appointed Lord Keeper of the Privy Seal in 1922. During his youth Count Hirata studied in Germany, and after his return to Japan was an official of the Imperial University of Tokio.

**U.S. People Reading British Authors**

Toronto, April 14.—Intellectually the British Empire has annexed the United States, declared H. B. Meyers, president of the Library Association of Washington, speaking at the annual meeting of the Ontario Library Association here last night. The literature of the people of the United States were reading was written by British authors, Mr. Meyers said. He described the public library as a gate through which Democracy might enter a higher and better world. His one aim in life as a librarian was to get other people to read.

**Lobsters Change To Modern Style**

Halifax, April 14 (By Canadian Press).—Not to be left behind in the onward march of change and progress, the lovely lobster has come to bat with the latest styles for that particular crustacean family to which he belongs. For the 1924 season, according to the mode being displayed in the lobster beds visited recently by fishermen in Shelburne, Queen's and Yarmouth counties, the most sophisticated of the lobsters are wearing their tails far-shrugged after the mode of the "flapper bob" instead of in the staid fashion of their ancestors, who always favored the closely folded compact coiffure of the pre-bob era. The fishermen have pointed out that

GLORY OF SEALER IS GONE FOREVER

Small Chance That Treaty Will Expire Next Year; Herds Grow Slowly

Vancouver, April 14.—Even if the pelagic sealing treaty negotiated in 1911 by the governments of Canada, the United States, Japan and Russia, expires next year, thus automatically leaving the vast seal herds of the North Pacific, the lawful prey of the hunter, it is improbable that the sealing industry, which provided this coast with one of the most picturesque chapters of its history, will ever return to its former glory.

In the first place, there is bound to be a long period of readjustment to the new situation. It is believed, by those who are familiar with the industry, that the treaty will expire next year, and that the seal herds will be reduced to a point where they will be unable to support a commercial seal fishery.

PLUCKY BOATMEN RESCUE WOMEN IN TREACHEROUS "RIP"

J. Cunningham and Companion Save Lives of Four Women in Fishing Party

Once again the Trial Island tide rips, familiar to every boatman in this vicinity, and avoided by those who know them, were cheated of victims yesterday afternoon when John Cunningham, a seafaring man of long experience, rescued two women and two girls in a small flat-bottomed boat from the wild waters of a full flood tide.

Lightkeeper Okell, stationed on Trial Island, has many times expressed himself as being of the opinion that Trial Island's rips were more than the majority of boatmen could navigate. He has repeatedly warned inexperienced men against venturing from them and has assisted many out of near accidents. In his and Mr. Cunningham's opinion, it was just such a fast tide that the four ladies were yesterday that swamped a boat two weeks ago, in which two fishermen were riding.

Visiting Squadron Coming to Canada In Summer Months

Ottawa, April 14.—Canada is to be visited this summer by a small fleet of British cruisers, including the Calcutta, Curlew, Comstance and Capetown.

The first three ships will go to Washington, arriving there June 6, and will then proceed to Halifax about June 16. They will be in Quebec August 29 and in Montreal about August 31. The Capetown will confine her visit to the Pacific Coast.

It is advocated that training of the personnel be done at the existing R.C.A.F. stations and under the supervision of officers of that body. A feature of the resolution is a section asking that training conducted by the Air Force Club of British Columbia.

# American Gopher Again Wins B. C. Amateur Title

## Bon Stein Defeats Coville By Fine Display In Second Round

Seattle Star Overcame Coville's Three-hole Lead Gained in Morning and Won Championship by 2 up and 1 to Play; Many Sparkling Shots Were Made by Both Players in Second Eighteen Holes; Vancouver Stripling Gains Much Favor by His Sterling Display Against Veteran Campaigner From Other Side of Border; Big Gallery Watched Finals

Bon Stein, of Seattle, yesterday realized the ambition he has cherished for three years when he won the British Columbia amateur golf championship. He defeated Cecil G. Coville, the slender Vancouver marvel, by 2 and 1 in the finals, at the Colwood links, and to-day leaves for Seattle with the Bostock Cup, emblematic of the title, in his possession. This is the second time in the three years that the championship has been open to Americans that the cup has been taken across the border. Clark Spiers, then of Seattle, won it two years ago. Last year it was brought back to British Columbia when Harry Jones, of Vancouver, was crowned the victor.

Stein won after playing some very good golf. During the tournament he shot several scores around 74 and 76, but yesterday morning he appeared erratic. He did not get away from the tee in the machine-like manner he usually does, and was inclined to hook them, and in every case he found trouble. He had the breaks against him on several occasions in finding very bad trouble when he was off line. His putting off and on showed weakness. Stein, for the player of his class is not an exceptionally good putter. It is his consistent long game, his variety of shots and his vast tournament experience, being capable of making wonderful recoveries, that make him such a difficult man to beat. Stein always goes his best in the second half of a thirty-six hole match. Yesterday afternoon he came back strongly and was right on his game. Stein's victory was popular, although there was secret hope that the cup would stay on this side of the line. Stein is quite a favorite here and his sportsmanship through the tournament enhanced his popularity.

### WINNERS IN B. C. GOLF TOURNAMENT

Following is a complete list of winners in all branches of the British Columbia amateur golf championship which closed at the Colwood Golf Club yesterday afternoon: **Champion**—B. E. Stein, Seattle Golf Club. **Runner-up**—C. G. Coville, Vancouver Golf Club. **Low medalist**—B. E. Stein, Seattle. **First flight**—Frank Thomas, Colwood Golf Club, defeated C. P. W. Schwab, 4-3. **Second flight**—A. Christopher, Macaulay Point Golf Club. **Third flight**—E. McCadden, Shaughnessy Golf Club. **Fourth flight**—W. W. Mitchell, Nanaimo Golf Club. **Fifth flight**—George Wilkinson, Colwood Golf Club. **Sixth flight**—J. V. Scribner, Victoria Golf Club. **Mixed foursomes**—Mr. and Mrs. C. E. Wilson, Victoria Golf Club. **Eighteen hole par competition**—W. A. Neenan, Colwood Golf Club. **Long driving**—J. H. Wilson, Victoria Golf Club; average drive, 247 1/2 yards; longest drive, 277 yards. **Approaching**—Frank Thomas, Colwood. **Putting**—First day, Miss L. M. Sayward, Colwood; second day, W. J. Neenan, Tacoma; third day, J. A. Sayward, Colwood; fourth day, Mr. Slade, Colwood.

### COVILLE HAS FINE FUTURE

Coville, who went down to defeat after a fine effort, was regarded in Victoria, as he had not taken part in any of the B.C. championships before. While not doing an exceptionally good qualifying round, he was seen to be hitting a very consistent drive of unusual length. This, coupled with the long iron play he is capable of, won him many admirers and brought him to the title. Coville is a convert to the steel-shafted wooden club, and these appear to suit his style of play. He made a splendid start by his excellent timing of the stroke. In yesterday's match his weakest shots appeared to be those from the green, frequently, after exceptionally long drives, he threw his advantage away by not getting the ball near the pin in his approach. His putting was not so faulty, although he appeared to have the nerve to be up and past the hole with the majority of putts. Coville in his play on Sunday with Wilson and yesterday with Stein, gave the spectators plenty of thrills in his driving ability. When he can get more consistent with his short game he should be heard from in future events. Coville is a quiet, unassuming chap and a good sport. He made a splendid start in his hard-fought thirty-six hole match against a more experienced player, and deserves hearty congratulations.

### STARTED OUT STRONGLY

The breaks were against Stein in the morning round and he was three down when they broke off for lunch. His fighting spirit was very apparent in the afternoon and he won the first two holes with par fours while Coville was taking fives. The long third was shared in fives. At this hole Stein made one of his best shots of the day. His second, with a brassie, was a beauty and if his putting had been in keeping with it he would have won the hole. Coville won back a hole at the fourth, the water hole, when he was down in three. Stein reached the bunker on his last shot and required a four to get down. Both golfers sent lovely drives sailing away from the fifth tee and followed with fine brassie shots. Both were off in their short game and Coville lost the hole with a six while Stein sunk his ball for a five. They halved the sixth in four, while Stein squared the match on the seventh with a well played three, Coville taking four. Coville came back strongly at the eighth and hit the longest drive of the day, the ball carrying 260 yards. Stein ran through the green on his second and Coville won the hole with a four, Stein taking a five. Both were in trouble on the ninth, Coville getting into the rough and Stein fetching up in a bunker. They halved the hole in five. The turn was rounded with Coville still enjoying the lead, being one up. Stein went out in thirty-one while Coville took two more strokes. Coming home Stein played his greatest golf of the day. He squared the match once again at the tenth, when Coville drove out of bounds, while he went on to win in four. The eleventh was halved in four.

### EACH CONCEDE A HOLE

A sliced tee shot forced Stein to concede the twelfth to Coville and could not play his shot while Coville had a nice four. The Vancouver lad returned the honor to Stein at the thirteenth when he pressed his tee shot and could not play his second, conceding the hole to Stein, who had a four. Stein played the fourteenth in masterly style. He hit a great tee shot and with an iron he dropped his second four feet from the pin. He played safe to win with a four, while Coville, who was off line with his tee shot, took a five. The bunkers collected both tee shots from the fifteenth and they halved the hole with fours. Coville lost a chance to square the

## Jericho Golf Club To Stage 1926 B.C. Golf Championship

Only Players With Handicaps Under 14 Will Be Allowed to Compete in Future

The 1926 British Columbia amateur golf championship will be staged at the Jericho Golf Club, Vancouver. The club will also stage a British Columbia open championship tournament in connection with the usual amateur event. Long waits which have developed at the tee during the past few tournaments have induced a change in the handicap qualifications for entrants to the British Columbia amateur event and in the future only those of fourteen handicap or under will be permitted to enter. In this connection the various clubs of the association have been urged to closely scrutinize their handicapping. While this shortening of the handicapping might result in somewhat smaller fields for future tournaments, it will probably result in much better golf.

### VANCOUVER MAN PRESIDENT

At the annual meeting of the British Columbia Golf Association held during the championship which closed yesterday, H. C. Chiene of the Jericho Golf and Country Club was elected president, and J. E. Wilson of Victoria, vice-president. H. P. Taylor of Jericho was again elected secretary. The ladies' B.C. golf championship will be staged at the same time as the men's in future.

### Uplands Golf Match

match at the sixteenth when his putt rested on the lip of the cup and Stein won with a four. This made Stein downy two. Coville made a great bid to win the seventeenth and carry the match to the eighteenth with the hope of squaring it. He hit a beauty from the tee, and his second was about six inches to the right of the hole. Stein played carefully for a four, which he obtained. Coville sunk his fourth and halved the hole, which gave the match to Stein by 2 and 1.

This picture shows the three principals in the finals of the B.C. amateur golf championship, posing for The Times photographer at the Colwood Golf Club yesterday. Bon Stein, the new champion, is on the left and Cecil Coville, who lost after a splendid exhibition, is on the right. Referee Wilson is the central figure.

## Edmonton Grads Beat Royals Plays Here To-morrow Night

New Westminster, April 14.—Edmonton Grads gave another demonstration of just why they are the champion women basketball players of the world when they outscored the Mainland red squad 25-12 before about 1,000 fans in the Arena here last night. Though the game was not as fast as Saturday's affair at Vancouver, it was much harder fought than the score would indicate. The Vancouver-New Westminster girls were aggressive, checked hard, but found difficulty in eluding their checks and, when they did get away, were a little too anxious with their shots with the result that several opportunities, particularly in the early part of the fray, were lost. Edmonton proved their superiority by a finished exhibition of the hoop game. They were always out in front, taking a 6-1 lead at the first quarter, 11-5 at the half and 19-6 at the three-quarters and only a fast finish by the local team prevented them from taking a worse reverse.

### EXPECT RECORD CROWD

The Armories can accommodate from 2,000 to 3,000 spectators and it is fully expected that Wednesday night's crowd will be a record-breaker for Victoria. Tickets can be obtained at the Y.M.C.A., Hudson's Bay Shoe Department, Horseshoe News Stand, Times office, or from Bob Whyte, Norman Redman or Bill Erickson.

## Wrestling Champion Offered \$100,000 to Make European Tour

New York, April 14.—Wayne (Big) Munn, claimant of the world's heavyweight wrestling championship by the Dominion Football Association, a trophy donated by the English Association will take the place of the Connaught Cup as the emblem of the Canadian championship. A recommendation to this effect was made at a meeting of the M.P.A. last night.

### SWANSEA GAINS LEAD

In the Southern Section, with Swansea Town, Plymouth, Argyle and Bristol City all in the running, Plymouth and Bristol City played to a draw to-day, and this enabled Swansea to get a precarious hold on the leadership by a fractional margin. While one of these three teams will obtain promotion can not be predicted. Bristol City have a disadvantage of playing one game more than the others and of still being one point to the bad in the aggregate.

## Canadian Soccer Team Will Play American Stars

Winnipeg, April 14.—It is practically certain that a Canadian "all-star" football team will meet a United States team next month, possibly at New York on the 16th, according to officials of the Dominion Football Association. Sam Davidson, secretary of the association, stated to-day that the Canadian body had suggested that the game take place in New York on May 16 and that the United States association would be permitted to play the best team, amateur or professional. If the game is played this year, next year a return game will be played in Canada.

## Hamilton Will Get Franchise in Big New Hockey Circuit

Toronto, April 14.—The Globe to-day publishes the following special dispatch from Hamilton regarding the professional hockey situation there: "Hamilton's entry into the new international professional hockey league has developed beyond the talking stage according to information given out by Roy Dandy and G. White, local promoters, here this morning. According to their story they received a franchise in the league on Saturday while in Toronto but aside from this they refuse to discuss their plans. They say they have an ideal place for the new arena, which is to seat 10,000 people. The public will be given the opportunity of buying stock in the new building."

### Rifle Shooting

There was a very slim attendance at the weekly shoot of the Fifth Regiment C.G.A. Rifle Association, due no doubt to rain in the forenoon and a cold southwest wind in the afternoon. The following scores, though small, took some making:

## Pitching Aces Will Perform in Openers

Eight Games Will Be Staged in National and American Leagues; Many Stars Will be Out of Game With Injuries With Rookies Taking Their Places; Everett Scott, Yankee Shortstop, May Break His "Iron Man" Record, Which Has Been Set at 1291 Games

New York, April 14.—Greater New York's major-league baseball teams opening the 1925 season at home to-day called upon their pitching aces to bring them victories. Manager Miller Huggins announced his intention to start Urban Shocker, the former St. Louis moundsman, against the world champion Washington club at the Yankee Stadium, while Brooklyn's choice for the slab in the Dodgers' opener against the Philadelphia Nationals at Ebbett Field was Dazzy Vance. Steve O'Neill, the former Cleveland and Boston veteran was scheduled to handle Shocker's curves behind the plate. There was a possibility that a last-minute change in Huggins' plans might find the Yankee battery composed of Sam Jones and Wally Schang. Manager Harris selected Mogridge and Ruel as his battery. Should Mogridge not be fit he will call on Zachary to do the pitching. Manager Fletcher favored Jimmy Ring to pitch for the Phillies with Henline catching.

### SCOTT MAY NOT PLAY

The Yankees planned to welcome 50,000 fans with music of three bands. The Yankees will have to meet the Senators to-day without Babe Ruth who is still in the hospital, and the backbone of their infield defence. Scott There was little hope in the New York camp that their veteran shortstop would be able to take the position he had filled in 1291 consecutive games, owing to a strained muscle in the groin. Snapping of Scott's remarkable string of straight games to-day would mean the first break in a record which had its inception in a contest on June 25, 1916 when he was a member of the Boston Red Sox. Opening day plans and preparations for the major league season as reported in dispatches received here to-day follow: At Boston, cloudy with showers late in the afternoon, was the weather forecast. The Braves will pitch for Boston and it is expected Art Nehls will take the mound for the Giants.

### NEW BATTERY TO WORK

At Philadelphia Connie Mack plans to send the Athletics new \$150,000 battery, Groves and Cochrane, against the Boston Red Sox. James Poole, another newpower, will be on first base for Connie in place of Joe Hauser, who has a broken knee cap. Ferguson will pitch for the Red Sox. At Detroit all reserved seats have been sold for the opening day game. Bleacher fans were in line early for the opener between Detroit and Chicago. Collins and Hasler are Detroit's battery, while Baker and Crouse are Chicago's selection. At Cincinnati, the St. Louis Cardinals and Reds are all set. Sutherland and Donohoe will be hurling in a contest on June 25, 1916 when he was a member of the Boston Red Sox. Opening day plans and preparations for the major league season as reported in dispatches received here to-day follow: At Boston, cloudy with showers late in the afternoon, was the weather forecast. The Braves will pitch for Boston and it is expected Art Nehls will take the mound for the Giants.

### FOOTBALL SEASON

Here Will Come To An End Shortly Hudson's Bay Meet U.S. Tomorrow in Cup Match; Finish Series Next Week Six First Division Matches and Brown Cup Series Yet to be Played Out

The curtain will soon fall on local football for this year. The Spring weather has turned the athletes' attention to other sports, and they are busy oiling their gloves and getting the kinks out of their arms, anxiously awaiting the arrival of the baseball season. To-morrow one Wednesday football match will be staged at the Royal Athletic Park when the Hudson's Bay eleven will clash with the United Services in a Hayward Cup game. At present the Teamsters, winners of the regular Wednesday League, and the Hudson's Bay are tied for the lead in the cup series. They have defeated one another once while both have triumphed the United Services. The series will be brought to a close next week when the Teamsters will meet the United Services in a match which will be played to-morrow and the Drivers come out victors in their match with the Services next week then a play-off game will be necessary to decide the holder of the trophy.

It has not yet been decided what games will be played on Saturday, but most likely three First Division matches will be staged. The weekly meeting of the Lower Island Board was postponed last night, and will be held this evening in the Y.M.C.A. There are yet six games to be played in the First Division, which will take up two Saturdays. In addition the Brown Cup knock-out series has yet to be finished, there being two semi-final matches and the final game to be played. In the First Division League standing the Veterans are leading Equilmart by two points, while the North Wards are in fourth position. The Duckers, in fourth position the United Services are resting one point behind the Northerners. Next is the team from the Bonus of England, while the Victoria Wests are in the cellar position. As all these teams have yet two games each to play it is still pretty hard to pick a winner. The Veterans are determined to hold onto their lead, while Equilmart is just as anxious to get onto even terms. The Wards and Services should also be strong contenders, as the last games are expected to provide keen competition and plenty of entertainment for the fans. The Hudson's Bay team for to-morrow will be as follows: Shrimpton, McKay, Gardner, Hagen, Webber, Woodley, Addie, Cull, Stewart, Danhorne and Tooby. Reserves, Fox and Kroeger.

### DOWN IN ONE

Guelp, Ont., April 14.—Angus Dunbar, local golfer, realized the golfer's dream here yesterday when he made the 150-yard, seventh hole in one.

### ENGLISH CHAMPION LOSES

Akron, Ohio, April 14.—Willie Ames, Akron featherweight, won the newspaper decision over Tommy Noble, former English champion, in a twelve-round fight here last night.

## POPULAR LOCAL MAN STAGES COMEBACK IN COLISEUM SHOW

A backed house last night greeted the initial performance of "Robin Hood" at the Coliseum Theatre and there is no doubt of the success of the run of this wonderful old story, with its setting of beautiful music and scenery. Every artist was a treat. Ernie Peck outdid himself, as far as singing and light comedy were concerned, his "Brown October Ale" being one of the best hits of the show. George Brydson made a natty Robin Hood and his staging was snappy and full of life and the joy of living. Bob Webb, who has not been seen on local boards for some time, staged a great comeback in his part of the pompous old Sheriff and his duet with Scarlett "Flunkers" gave full scope to his sonorous voice, while his partner in crime, Reginald Hincks, acted his role to a Queen's taste. Eva Hart, as Maid Marion, sang her way into the hearts of the audience in a manner which she has never equalled before, and her "Milkmaids" will long be remembered. The light sobriety show was excellently performed by Eileen Allwood, whose delightful acting went a long way towards making this show one of the best seen on the stage. Among the many thrilling episodes

In "A Cafe in Cairo," Priscilla Dean's latest starring vehicle which is showing at the Coliseum Theatre, is the extraordinary climax of an underwater knife duel between Priscilla Dean, Robert Ellis and Harry Woods. This scene, one of the most unusual and spectacular of any of her pictures, gives the versatile star an opportunity to display her swimming skill and she takes advantage of it with an enthusiasm that marks everything she does.

## SUBMARINE DANCE ON BED OF OCEAN IN CAPITOL FILM

George Fitzmaurice, noted motion picture director, has turned to the designing of novel backgrounds

for the artist in his latest Goldwyn-First National picture, "A Thief in Paradise," at the Capitol Theatre this week. An underwater garden serves as the background for an exotic South Sea dance by Aileen Pringle, who shares featured honors with Doris Kenyon and Ronald Colman. The setting consisted of a reproduction of a section of the marine gardens familiar to excursionists aboard glass-bottomed boats but reproduced on a gigantic scale for screen purposes. A huge sea shell, large enough to hold Miss Pringle, was one of the important parts of the setting and the entire set was scaled on this enormous shell. The dance and its settings are a part of a lavish society ball which furnishes one of the many colorful episodes of this adaptation of Leonard Merrick's popular novel "The Worldlings." Claude Gillingwater, Alec Francis and John Patrick head the supporting cast.

## SYD CHAPLIN SCORES PERSONAL SUCCESS IN FAMOUS FARCE

How people in all parts of the world could laugh at the same farce time and again for three generations covering a period of thirty-three years, is demonstrated by the farce in its screen form with Syd Chaplin playing the title role. There is only one way to adequately express it—"Charley's Aunt" is a cold knockout. Last night when Syd Chaplin put in an appearance at the Dominion Theatre a huge audience grew unmistakably hysterical in a cold knockout. Last night when Syd Chaplin put in an appearance at the Dominion Theatre a huge audience grew unmistakably hysterical in a cold knockout. ## PLAYHOUSE COMPANY BRINGS TO LIFE TWO CARTOON CHARACTERS

Maggie and Jiggs, internationally famous cartoon characters, came to life at the Playhouse last night in Frank Morton's new production, "Maggie and Jiggs in Society." Frank Morton makes an ideal "Jiggs," capturing the sympathy of the audience in his efforts to placate the always irate "Maggie," who, in the person of Gladys Vaughan, becomes a living, breathing personality. The plot hinges around Jiggs's attempt to attend a sporting event, unknown to his watchful spouse. The entire cast, which includes Roy Earl, Hilda Cooke, George Dumberton, the Bennett Sisters and Anita Holt gave excellent support. The comedy was not entirely new to the stage, however, the screen this week featuring Larry Semon in "The Girl in the Limousine," a full-length feature comedy that the audience is rocking with mirth. Excellent musical numbers and specialties were interpolated during the action of the musical comedy.

## SCREEN VERSION OF CHECKERS TYPICAL FOX PRODUCTION

"Gold Heels," the new William Fox screen version of "Checkers," which opened last night at the Columbia Theatre, is full of humor, pathos and thrilling action. Robert Agnew, who plays "Checkers" Campbell and rides home to victory in a rip-roaring neck-and-neck finish, gives a fine performance. Agnew's personality is of the ingenious sort and it was really surprising to see him put so much pep and action into his work. Peggy Shaw as Pert Barlow also gives a splendid account of herself. She is pretty and fascinating and besides she can act. William Norton Bailey as the villain and Lucien Littlefield as a race-track tout also shine out. Others in the cast are Carl Stockdale, Fred Butler, James Douglas, Winifred Landis, Katherine Craig, Buck Black and Betty Hild. W. S. Van Dyke directed "Gold Heels" and made the best of a golden opportunity. John Stone wrote the scenario.

## He is Quite Well Now

What Quebec Man Says After Talking Dodd's Kidney Pills

Mr. T. Simard Found Dodd's Kidney Pills Beneficial and Suitable to His Needs. St. Urban, Que., April 14 (Special)—After suffering for over two years from kidney trouble, Mr. T. Simard, a well-known resident here, is again in good health, which he attributes to Dodd's Kidney Pills. "I was always tired and nervous," Mr. Simard states, "and for some time my memory was failing. I was depressed and low-spirited, my limbs were heavy and I had dragging pains across my loins. I took six boxes of Dodd's Kidney Pills and have found them very beneficial and suitable to my needs. I am quite well now and work in comfort. The road to good health lies through the kidneys. If they are kept strong and well all the impurities are strained out of the blood. But if they are weak and out of order, the impurities stay in the blood and continue to multiply. I don't delay, let Dodd's Kidney Pills keep you fit." (Adv.)

## BRITISH PREMIER'S HOUSE BADLY IN NEED OF REPAIRS

London, April 14.—Two of London's famous old houses—Numbers 10 and 11 Downing Street, respectively the official homes of the Premier and Chancellor of the Exchequer—are now in such a state of decay that the Government is considering whether it is desirable to pull them down and rebuild instead of making further repairs. The Daily Express says much money has been spent renovating the houses, but that each inspection reveals that something further must be done. Some of the walls seem to rest on crumbling foundations, although the buildings are not very old, as old houses go, having been built about 200 years ago. Although the lack of internal convenience of the houses is as notorious as their external ugliness, there are some who believe reasons of sentiment may prove stronger than the demands of modern accommodation and that further repairs will be decided on. No. 10 Downing Street has been the residence of the Premiers since 1735.

## Two Were Killed In Automobile Smash

Montesano, Wash., April 14.—Two persons were killed and another seriously injured last night when the automobile in which they were riding failed to make a sharp turn a short distance west of here and crashed into a tree. The man's name was Wallace and the dead woman's name Creed. It was reported at the Sheriff's office. A man named Strayer was taken from the wreck unconscious.

## ORGAN RECITAL AT ST. JOHN'S

G. Jennings Burnett Sustains Reputation at Leading Organist

The organ recital, the third of the present season, at St. John's Church last evening, which attracted a large audience, again sustained the reputation of its choirmaster and organist, G. Jennings Burnett, as one of the leading organists in the West. It must neither be forgotten that Mr. Burnett's choice of his choir and his anthems and full choral music are of recognized high standard, and frequently used in Anglican churches. In all the organist, who also accompanied the soloists of the evening, gave seven numbers, included in which were the opening and closing numbers, a "Prelude" and "Scherzo Caprice," by the great organist, Liebreure Wely, the "Allegro Moderato," from Schubert's unfinished Symphony, Gounod's "Caprice in B flat major," and two movements from Grieg's "Peer Gynt Suite." His color schemes and treatment of the instrument were particularly striking and masterly, and manifesting in splendid manner the best of his organ's "well box."

## THE SOLOISTS

Mrs. Harry Briggs, one of the all-arounding artists, is singing splendidly this season. She has some beautiful notes, and not only are her songs always excellently prepared, but she seems to get the very best out of them. Quite enjoyable were her deliveries and dignified style in the familiar "Recit and Aria," "Farewell Ye Lullaby Springs" (Handel's famous "Largo"), Allister's, "The Lord is My Light" and "Comingsley Clarke's," "The Blind Flowerman." Owing to the indisposition of Mrs. Chrissie King, contralto of Duncan, Mr. Roberts, a member of the choir, came forward and gave a capital rendering of the tenor aria, "Thou Didst Not Suffer," from the "Messiah." Mr. Roberts has a most agreeable voice of good quality, and his keenness and studiousness combined should cause him to be in demand on local concert platforms.

## PREPARE FOR NEW CHURCH MEETING

Leaders of United Church Will Assemble in Toronto on June 10

First General Assembly of Continuing Presbyterian Church Also June 10

Toronto, April 14.—June 10 will be an eventful day in church history in Canada. On that day the First General Assembly of the congregations forming the continuing Presbyterian Church will meet, and on that day the General Council of the new United Church of Canada will assemble here. There is no indication that either side of the union question will take any objection to the bill passed by the Legislature of Ontario, although both profess to be disappointed with some clauses of the bill. Rather than object, both sides are keen to get ahead with the organization of their respective churches.

**About Six Months Baby Needs Additional Nourishment**

When baby reaches the teething, sitting-up, creeping and muscle-using stage of life, milk alone cannot supply the extra strength its body then needs. Cereals must be added to the diet.

The most universally used cereal and milk formula, of course, is Nestlé's Milk Food. In experiments conducted with thousands of babies it was found to agree with 93%.

So, mother, if you are nursing your baby, at about six months supplement your own milk with a few daily feedings of Nestlé's Milk Food. This will not only give the added nourishment

Wall Street TO-DAY

Last Minute News on Stocks and Financial Affairs

New York, April 14 (By R. P. Clark and Company).—From the outset the industrial shares were in special demand, influenced by the growing confidence in the forward business outlook.

New York, April 14 (By R. P. Clark and Company).—The Wall Street stock market opened to-day with a very active and a broader demand with higher price levels are in the making.

With the outside world again in a buying mood, Wall Street reacts in a played unimpaired nervousness over their position. This apprehension was outstripped by the covering movement entered into.

Oil was held back by further price cuts in Gulf coast crude. The 25-cent reduction promulgated by Humble Oil and Refining.

Among the rails, some activity was stirred up by merger reports affecting various roads.

International Paper was a feature of special strength, reaching new high ground on news movement at 55 in response to the best buying it has experienced for months.

Hudson Motors sold at a record high, reflecting the company's excellent earnings statement for the three months ended February 28.

Heavy demand for fertilizer products was noted in early trading. Some public iron and steel was a feature of special strength in the steel group, working up 1 1/2 points to 45 1/2.

Receipts at all points were light, however, and there is not expected to be much pressure from the country.

CHICAGO GRAIN

Chicago, April 14. (By R. P. Clark & Co.)—Wheat: Buying of wheat was slack today but later in the afternoon commission houses absorbed the July and September in a big way with a substantial advance resulting.

Receipts at all points were light, however, and there is not expected to be much pressure from the country.

Corn: Was demoralized early, but scored a complete recovery. The cash market was unchanged.

On cash basis believe the July and August contracts will be bought on the seaboard.

Cutten Holding Wheat For \$2

Chicago, April 14.—In the Chicago Herald Examiner Arthur Cutten is quoted as follows: "Wheat will go back where it belongs. I am holding my cash grain for \$2 or more."

WHEAT DOWN 2 PER CENT

Chicago, April 14.—The Chicago Tribune to-day says: It is said that the best selling of wheat yesterday was for an Eastern trader, James Livermore, who is in hospital with broken ribs and has closed out his holdings.

The short interest was greatly reduced on Saturday's bulge, and while there was good buying by strong local interests, there was not enough support from general commission house trade to absorb offerings.

Prospects for winter wheat in northern hemisphere, including the United States, but not India or Russia, suggest a decrease in yields of about six per cent compared with 1924, as estimated by U.S. Department of Agriculture.

Reports from Kansas are spotted. Where they had rains, there is some improvement, but there are many bad spots, especially in the northwestern part of the state.

Missouri state report estimates wheat crop at 28,743,000 vs. 34,589,000 last year.

Eastern holidays abroad greatly restricted export business in grains. Wheat crop a little rye to Scandinavia there was little trade.

Ford Motor Heads List Of National Advertisers

New York, April 14.—To the automobile manufacturers and their affiliated industries, the tire and oil companies, belong the honors for amounts expended last year in newspaper advertising.

The Ford Motor Co. leads the list with \$1,000,000. It was followed closely by the Victor Talking Machine Co. with \$1,000,000 and the Chevrolet Motor Car Co. with \$1,000,000.

Expenditures by radio companies, for instance, are estimated to have spent \$250,000 and C. Brandes, Inc. \$100,000.

It will be seen that the ten leading newspaper advertisers include four automobile companies, two tobacco companies, one oil company and three manufacturers of such specialties as talking machines, baking powder and chewing gum.

Coming further down the list to the advertisers spending \$500,000 and over, but less than \$1,000,000 last year, there are found twenty brands with five representatives, while two tire makers and an oil company are also in the group.

Although Ford leads the list with an even \$2,000,000, the General Motors Corporation, which only appeared with \$1,000,000, and Buick \$850,000, land \$700,000, and Buick \$350,000, are included for the first two include dealers advertising.

Growth of co-operative and marketing organizations is reflected by the appearance of a number of such among the leading national advertisers.

### T. D'ARCY MCGEE EVENT IN OTTAWA

#### Memory of One of Fathers of Confederation Honored at Banquet

#### Premier King Spoke of Development of Nations Within Empire

Ottawa, April 14.—From every part of North America came people of Irish blood to celebrate in Ottawa the hundredth anniversary of the birth of Thomas D'Arcy McGee, who began his career as a revolutionary and ended as a champion of Empire and one of the Fathers of Confederation. Within a bugle call of the spot where in 1868 McGee was assassinated by an Irish revolutionary a year after he had helped to launch a Canada pledged to British allegiance, and a few minutes after he had reaffirmed his determination to continue that allegiance, some 500 persons assembled at a banquet which had been planned by Canadian Irishmen for years to mark the McGee centenary.

#### GOVERNOR-GENERAL THERE

Governor-General Byng, the leader of Canadian politics to-day, a representative lawyer from New York, Chief Justice Latchford of Ontario and the senior son of the McGee family addressed the gathering. The gathering was presided over by Hon. Charles Murphy, Canadian Postmaster-General and prime mover in the centenary. Having paid eloquent tribute to the memory of his countryman, Mr. Murphy introduced, one by one, the speakers of the evening. The Governor-General, Lord Byng commented on the variance of opinion which had always existed as to the qualities of a patriot. It was a difficult role to fill.

Quoting McGee's remark, once made in a public speech, that he believed he did more to conquer back the respect of the people of England and America for Irishmen than fifty of the demagogues put together, His Excellency said that if that was the spirit of D'Arcy McGee, he was proud and happy to be associated with this commemoration of him.

#### LEMIEXU SPOKE

The toast of the evening, "The Memory of D'Arcy McGee," was proposed by Hon. Rodolphe Lemieux, Speaker of the House of Commons, and seconded by E. W. Beatty, president of the Canadian Pacific Railway. Memorial speeches were made by Premier King, Hon. Arthur Meighen and Martin Conboy, president of the New York Bar Association. Mr. Conboy gave a biographical sketch of McGee with particular reference to his residence in the United States between 1842 and 1857. There as a journalist, orator and educationist, McGee did much for his fellow Irishmen in the United States, particularly as regarded education.

#### WINE OF LIFE

The story of a nation's heroes were the fountain source from which it drew the wine of its later life, said Hon. Arthur Meighen. The lives of Canada's founders had preceded out politics into history. McGee was one of the giants of Confederation, "who have grown in stature through half a century of criticism and whose place in our annals is now forever secure."

Tracing McGee's beginnings in an Ireland swept by revolutionary politics, Mr. Meighen found his interest in the United States in early manhood, "determined to establish himself in the new world as the special guardian and trustee of his race." His experiences in the republic had taught him that constitutional reform was better than revolt and when he came to Canada "and gave to this country the last and best decade of his life," the fiery insurrectionist had become the evangelist of peace. "The relentless militant in other lands became the tireless peacemaker in ours."

#### CANADA'S PROPHET

"If Macdonald and Cartier were the architects of Confederation, D'Arcy McGee was its prophet," said Mr. Meighen. "He it was who in its grandest form caught the vision splendid; he it was who spread everywhere the fever which he was himself consumed; he it was whose restless pen and matchless platform power carried right into the hearts of the masses his message of tolerance and good will. It was D'Arcy McGee who was the triumphant missionary of union."

#### FAITH IN DESTINY

"I say to the pessimists, Remember the trials of the Fathers of Confederation; hearken to the memory of D'Arcy McGee, who never faltered in the advocacy of Canadian unity and who never doubted this country's destiny," said Hon. Rodolphe Lemieux, proposing the toast of the evening, "The memory of Thomas D'Arcy McGee." "If the voice of McGee could still be heard, there would come from his lips a call to the faint-hearted: 'Stand four-square for Canada; have faith in its institutions and a future of immeasurable possibilities.'" The speaker traced the history of Canada from earliest times. In the delicate weaving of racial elements merged into Canada's national fabric he found four main shades, the French, the English, the Scotch and the Irish. Their great longing for responsible government had resulted, after many stormy years of separation, in Confederation, and "foremost among the great leaders whose consummate

skill brought about the union of the then isolated provinces were Macdonald, Cartier, Brown and D'Arcy McGee, all of them of Celtic blood, yet all of them admirers of the British unwritten constitution." To the men who discarded the garb of Colonialism, Canadians owed the duty of becoming full-fledged Canadians, to have complete faith in the spirit of those pessimists who had said of late that Confederation might not outlive the trials which the aftermath of the Great War had brought upon Canada.

#### MET THE CONDITIONS

Premier King laid stress on the aims of McGee during his brief political career in Canada, during which he did not hesitate to change his political stripe from Independent, through Liberal to Conservative, to meet the uncertain quantities of Canadian political life in that period.

Regardless of party allegiance, McGee had ever sought to lessen, and where he was able to do so, obliterate racial and religious strife and to remove sectional jealousies and prejudices. "Wherever there were differences of race or creed or birth he looked for what was best in each and sought the common ground," said Mr. King. "With equal zeal he sought to stamp out whatever tended to create bitterness and hatreds. There was nothing finer or braver in his whole career or of greater service to Canada and the British Empire than his stern repression of Fenianism, when in no uncertain manner it threatened to display its ugly mien on this side of the Atlantic. To this patriotic cause he died a martyr."

#### GROUP OF FREE NATIONS

"Had he lived in our day, he would have sought, not a separate Ireland and a separate Canada, but an Ireland and a Canada of national status and powers of national expression, co-equal, in the course of time, with those of the United Kingdom itself. To him, membership in the British Empire would have been, not something of which to entertain a fear, but something to cherish, to develop, to expand. He would have seen it, as it is fast becoming—if indeed it has not already so become—a galaxy of free nations, each with its own wealth, inspired in all its parts by ideals of freedom and justice, extending not only from sea to sea, but encircling the entire globe."

#### EVEN JUSTICE

Mr. King spoke of how, a few minutes before he was shot from ambush on his way from the House of Commons, McGee had addressed the House on the relations between Canada and the British Empire, and stressed his faith in serene and even justice which would be meted out to Canada.

#### PRESENT PROBLEMS

Mr. Beatty dealt briefly with present-day Canadian problems. If prosperity could be restored, he thought sectionalism and other problems would disappear. He did not know what McGee would have done about the "national railways, church union, prohibition or other things which should be prohibited," but he felt sure he would have grappled with them with the same high courage, forcefulness, vision and confidence in Canada which would surmount all difficulties and make national disintegration impossible.

#### LETTERS PRESERVED

Toronto, April 14.—Two letters from the pen of Thomas D'Arcy McGee, Canadian patriot and one of the Fathers of Confederation, the centenary of whose birth was celebrated yesterday, were received yesterday by the University of Toronto and placed with other historical documents in the institution. The letters came to Rev. J. B. Turnbull, principal of the Canadian Bible Institute, from Kesh, MacDonnell of Monkstown, Ireland, their receipt being the outcome of a chance meeting on a train in the Killarney district of Ireland about six months ago.

#### DESCRIBED AS SHOCKING

Judging from the early part of his letter, McGee had apparently been in conference with four British statesmen, and wrote: "The government of this world, at which certain old hands are playing like a game of whist, controlling a third of the continent and a population equalling Scotland, hardly creates any emotion whatever. However, be it said, this is simply shocking and I can tell you by what Cartesian self-denial I am able to keep down my ever-ready tendency to blaspheme against the great man I am told these are. If these people would discuss blasphemy, why do they lead such lives and give such abominable provocations?"

#### NEW CURRICULUM DEBATED IN ONTARIO

Toronto, April 14.—The reports of the committees appointed to consider the operation of the simplified curriculum inaugurated by the Department of Education last Fall will be among the most important developments at the convention of the Ontario Educational Association here this week.

Three committees were appointed. One in Ottawa considered the operation of the new policy in regard to geography, another in Orillia as it affected arithmetic and a third in Hamilton as it affected history. The findings of these committees will be presented during the course of the convention and may have bearing on the policy of the Government.

Of popular interest will be the debate on religious education before the trustees and ratepayers on Wednesday afternoon. Addresses on the subject will be delivered by Rabbi Brickner, Bishop Fallon of London and Principal Gandler of Knox College. They will present the matter of religious education in the schools from the viewpoint of the Jews, the Roman Catholics and the Protestants respectively.

### Pictures by Wire on Commercial Basis Now

Dorothy Ellingson, her father and brother (left to right) in court in San Francisco where the girl's sanity was tested following the murder of her mother.

The picture above is the first ever sent commercially over a wire and marks the beginning of a new era in transmission of news pictures. It was put on the wire at San Francisco relayed to Cleveland and New York by the American Telephone and Telegraph Company. Pictures previously sent over the wire were carried for general distribution and for demonstration purposes. When proven practicable the business was placed on a commercial basis and News Service became the first sender of a "picture message." A photograph is filed and sent in the same manner as one files a word message. Thus it is possible to print in New York a picture on the same day the photograph is made in California and vice versa.

#### VERDICT OF SUICIDE

Chicago, April 14.—A verdict of suicide because of despondency due to ill-health was returned by a coroner's jury yesterday following an inquest on the death of Robert Preston, Northwestern University student. Preston's body was recovered from Lake Michigan by fishermen, with a bullet wound in the forehead, the body weighted down by a brief case containing iron and three diaries of the youth.

### WILL CELEBRATE G.W.V.A. ANNIVERSARY

Branches Throughout Canada to Mark Ninth Birthday Road Race Prizes Will be Presented Wednesday

The Victoria branch of the G.W.V.A. in common with some 800 other branches throughout the Dominion, will celebrate the anniversary of the formation of the association by a smoking concert on Wednesday evening, when the prizes for the seniors' road race will also be distributed.

His Excellency the Governor-General will "broadcast" a birthday message during the day, and Capt. Ian MacKenzie of Vancouver, Comrade Jimmy McEars of Edmonton, will be "on the air" in the evening.

It is some criterion of the strength and prestige of the G.W.V.A. that its branches now number 800 odd, in addition to which there are active branches in England, Scotland, Newfoundland, Wales, Copenhagen, Denmark and the U.S.A.

The association also carries affiliations with the British Empire Service League and various other ex-service Associations in Australia, New Zealand and South Africa. The cordial relations existing between the American Legion and the G.W.V.A. are very well known and a large amount of reciprocal work is carried on in the interests of ex-service men.

#### TWO CHILDREN HURT

Montreal, April 14.—Two children are in a hospital here suffering from serious injuries as the result of falls. Rollande Turgeon, aged seven, was playing on a balcony when she leaned over and lost her balance, falling to the sidewalk below. Roger Girard, aged three, was playing in a rear window of his home. He leaned out and fell into the yard.
